The first stone design where what you see is not what you get. The surface appears to be angular, but in reality it is soft. It seems to be a solid colour, but that is not the case. It looks like it doesn't reflect, but if you walk on it, everything changes. Rushmore is inspired by the stone, re-interpreting it in an unconventional way.

Terrazzo Dark 600 x 600mm

# Terrazzo

Chromatic expressiveness and tactile richness. Terrazzo Navigli is inspired by the surface created by mixing Terrazzo images of Ceppo di Gré and cement. The two shades reflect the careful selection of the original materials, graphic richness and the most intense chromatic aspects.
