

A large, solid brown letter 'T' is centered on the page. The left side of the 'T' is positioned over a vertical strip of a light brown, marbled texture, while the right side is on a plain white background. The letter has a classic, slightly stylized font with a thick stem and a wide, flat top.

RUSHMORE

The first stone design where what you see is not what you get. The surface appears angular, but in reality, it is soft. It seems to be a solid colour, but that is not the case. It looks like it doesn't reflect, but if you walk on it, everything changes. Rushmore is inspired by the stone, re-interpreting it in an unconventional way.
